He looks like a guy who might be taller, what he listed elsewhere is like Jon Hamm, who has been listed 5ft11 for years. It is very wide and it can create the illusion of a lower height. Rob, what does he say? MD said on 3/Sep/16@Fluffi, yes, I think it may surprise some people if you are not familiar familiar him compared to other people. It is quite wide in the torso that can make it appear (sometimes significantly) shorter than it really is. With him being a big star when I was very young, I'm not really familiar with him, and if someone would tell me 5'10 or so, I probably wouldn't doubt it. However, he is at least 6'0 away from everything I've been able to learn. Fluffi Fluffsson said on 30/Aug/15Taller than I thought ... Rampage (-) Clover said on 18/Aug/15I think the weak 6ft1 range personally for this dude. He doesn't look tall when standing alone, but next to someone like Van Damme he easily got 3-4in at him. Rampage (-) Clover said at 11/Oct/14Rob, is a full 6ft1 possible? Editor Rob: I don't know if it will be so high, although you could say that 184 is a reasonable assumption. Andrew M said 4/Oct/14I actually thought he was closer to 6'4. It looks monstrously large in blood and Bone. He seems like a very nice guy, a gentleman. And he seems to have a really good attitude overall. I respected his comments about Steven Seagal and Gene Claude Van Damme not in the same league as Chuck Norris, with Chuck always living a clean life and staying in shape. In fairness to Van Damme though, he seems to be trying to better himself again. 184.9 on a bad day said on 2/Oct/14On does not look lower than the listed heights.
